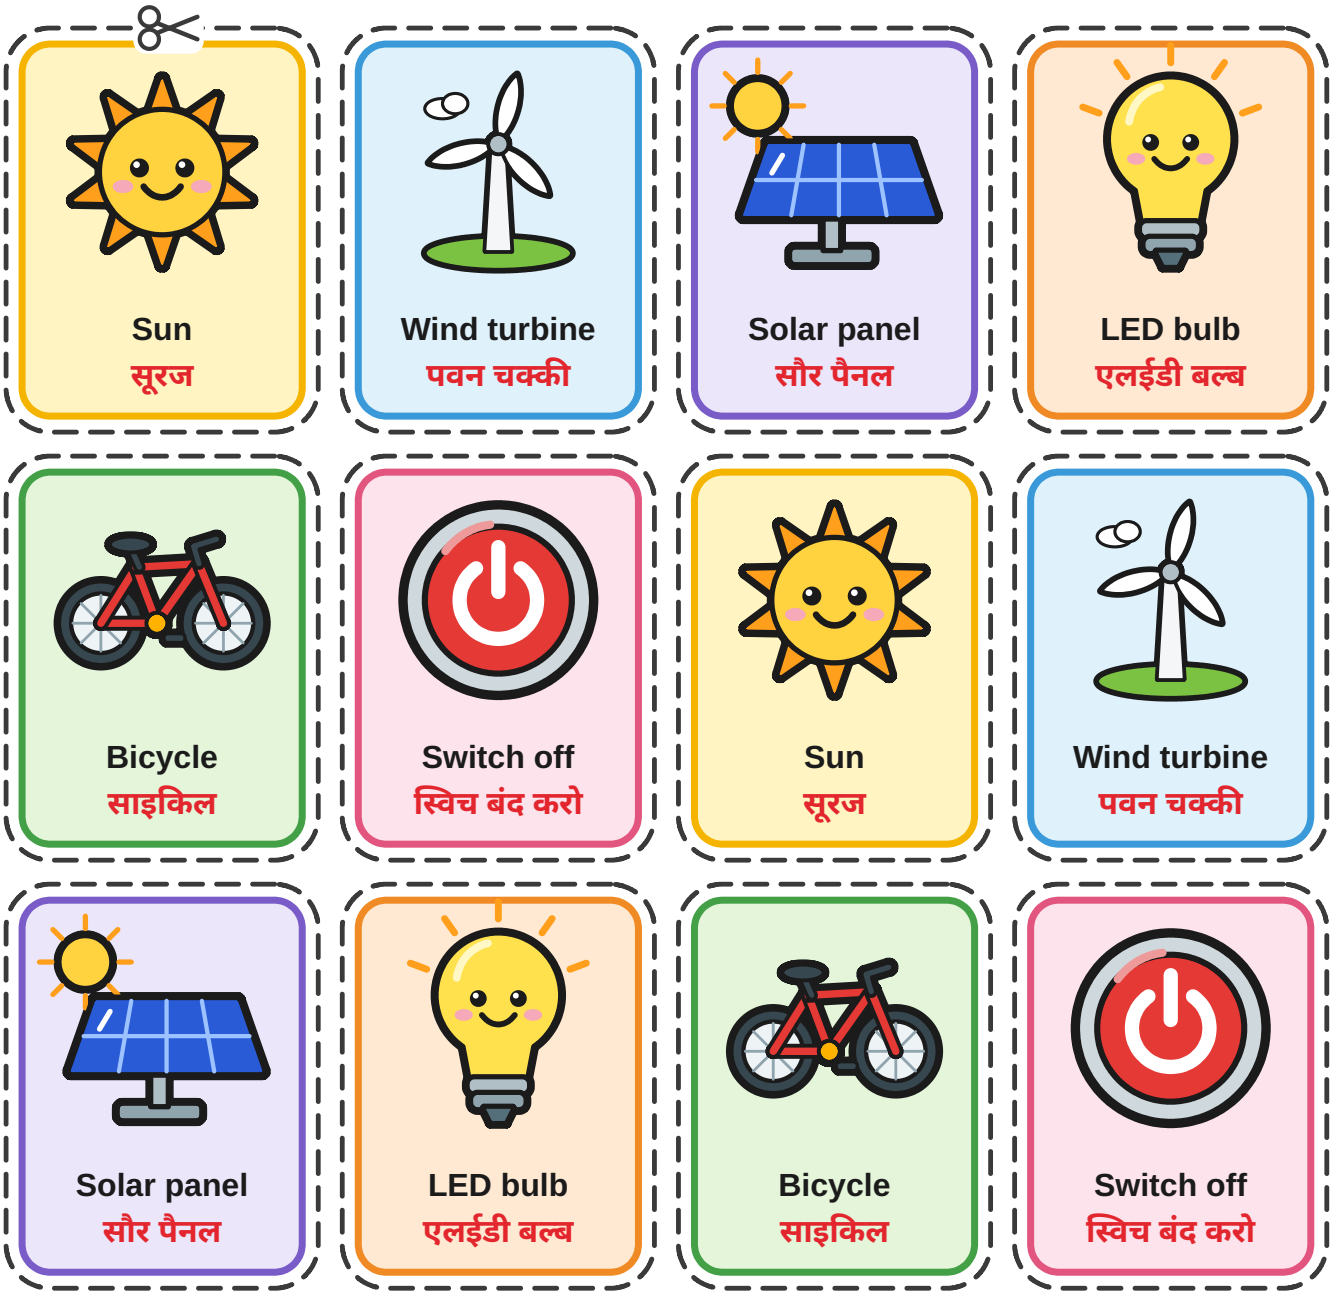
Energy Saver Memory Game – Cut and Play

Cut out the 12 cards and find the 6 pairs. Each pair is a way to save energy!

Cut



1. **Cut** out all 12 cards along the dashed lines.
2. **Mix** the cards and lay them face down in 3 rows.
3. Take turns. **Turn over 2 cards.** Not the same? Turn them back.
4. **Found a pair?** Keep it and say one way to save energy!

Tip: Stick the page on thin card (an old cereal box) before cutting, so nobody can see the pictures from the back. The player with the most pairs wins!

Age : 4–8 **Art & Craft**

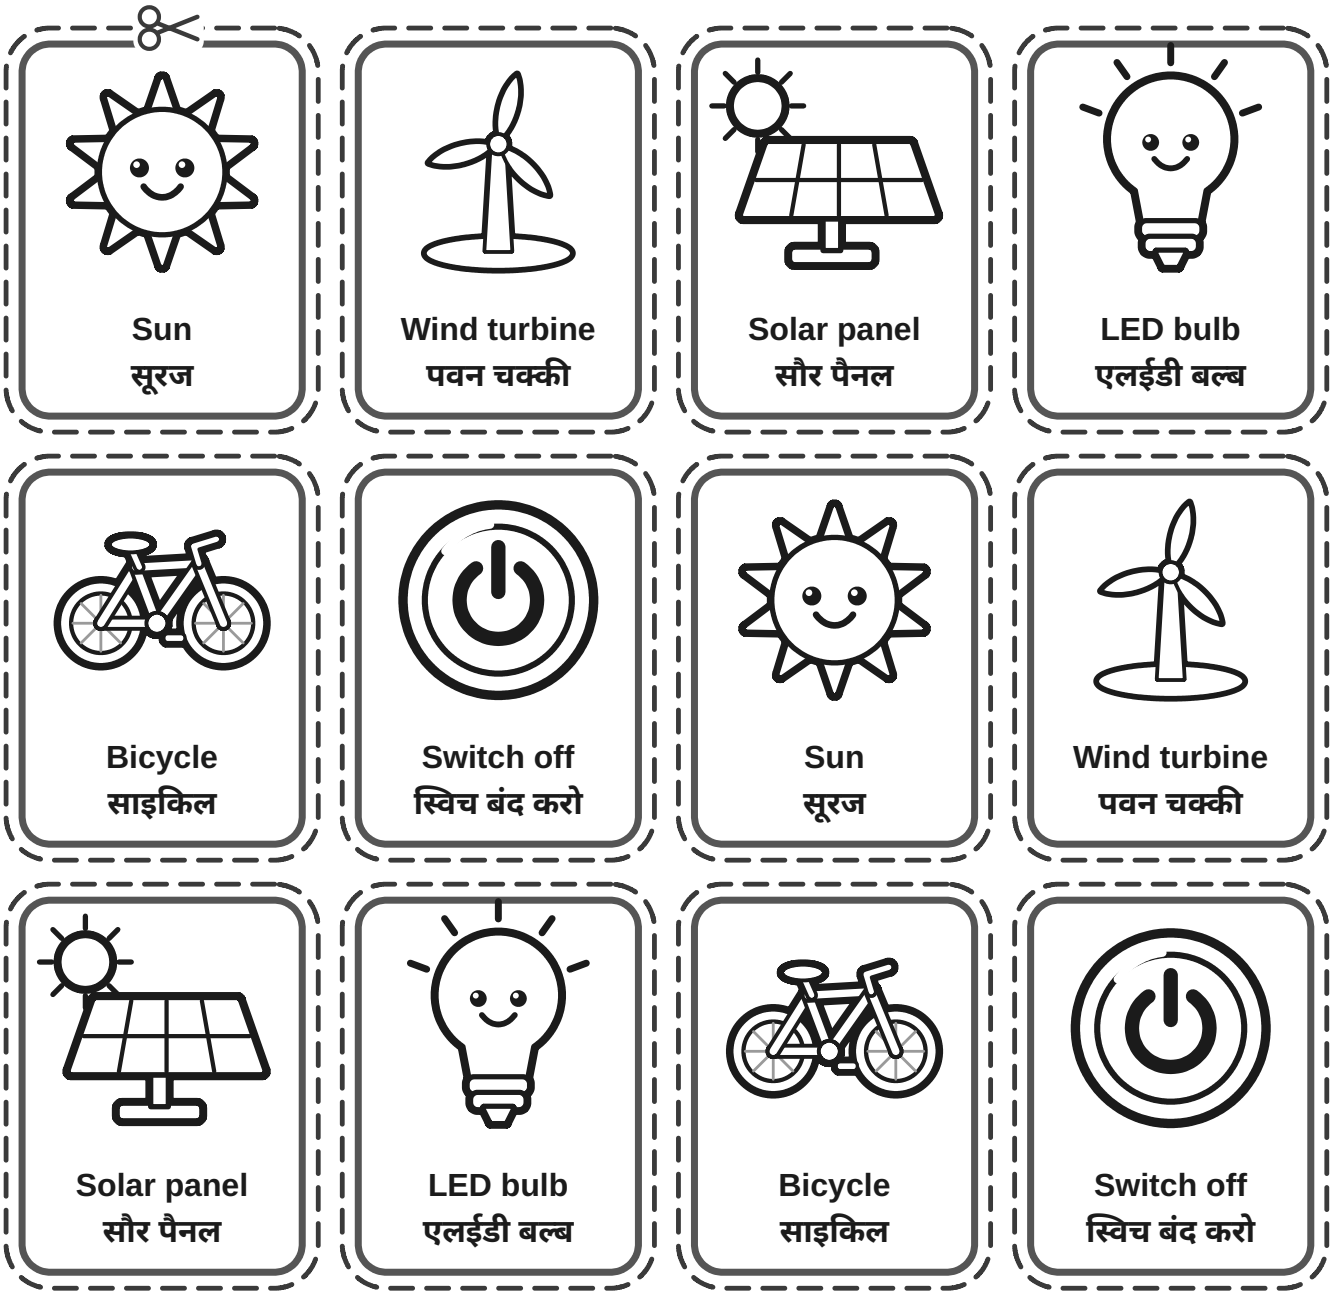
Colour Your Own Memory Cards

Colour the six pairs, cut out the cards and play the memory game!

Cut



1. **Colour** each pair the same way. Then cut out all 12 cards.
2. **Mix** the cards and lay them face down in 3 rows.
3. Take turns. **Turn over 2 cards.** Not the same? Turn them back.
4. **Found a pair?** Keep it and say one way to save energy!

Tip: Stick the page on thin card (an old cereal box) before cutting, so nobody can see the pictures from the back. The player with the most pairs wins!

Age : 4–8 **Art & Craft**
